7 The Gila Diversion should not happen. The Gila Dam Diversion would be a huge devastation to the
8 Gila River and forest. If built it would cause deforestation and could cause harm to wild life around
9 it. The Gila Diversion would also possibly affect tourism in New Mexico (Ex. Silver city) because so
10 may people come to see the Gila National forest every year. The build of Gila should not be build to
11 preserve wildlife in New Mexico.
