7 Schools would be open an extra hour after school so children would be able to pick up dinner plates.
8 The children would present their school IDs and would receive a dinner plate. Local businesses
9 would be asked to donate food and services. Parents, school officials, and community members
10 could also donate their services as well. Many children around the state rely on the breakfast/lunch
11 programs as their only source of food. It is important to aid our children so they may grow strong
12 and succeed at life. This program would run all year just as breakfast/lunch programs.
