6 I would like to thank the ALANM program for allowing us to experience this amazing
7 opportunity. ALANM has provided myself and many others with an amazing week filled
8 with learning experiences, leadership skills, and new friendships. From the moment I walked
9 through the door I felt welcomed and part of a new family. Everyone was so nice and
10 passionate about Girls State. Girls State staff all knew what to talk about and how to explain
11 the program. It is an amazing experience and a blessing. Thank you all so very much.
