

1 They need to not only provide common core classes such as, mathematics, science,
2 language arts, and reading, but vocational classes that involve construction, painting,
3 plumbing, welding, etc. These classes are equally important and should be equally
4 provided for students attending New Mexico public schools.

5

6 SECTION 2: INCREASE INFORMATION ON VOCTIOANAL CLASSES AND HAVE IT AS
7 AN OPTION

8 Vocational classes provide learning and education for not just this time in the student's lives
9 but information they will be able to take them in future jobs, educational opportunities, and
10 real-life experiences. Many students who are kinesthetic learners can't be fully educated if
11 they are just sitting in a classroom 6-8 hours a day. Vocational classes gives students the
12 opportunity to be hands on with their work and learn from a different point of view.
