A Safe Home for everyone

9

10

WHEREAS, having a safe place to where people who are homeless, or have any other

11

problem, can come in and have a place to sleep or food to eat. A place where they can feel

12

safe out of the streets or out of the cold. That can help many people, and it can be for

13

anyone. For those who are scared to go home, those who don't have enough money to pay

14

for their home. For anyone that has a need, there is a place where they can come and

1 there is people willing to help them either by giving them food or a room to stay in; and

2

3 WHEREAS. This place be put in the State of New Mexico, in the towns where it can be
4 built. Having like a building built for them, and having air conditioning, food, a bed, and a
5 bathroom. Providing the things that maybe they can't provide for themselves. Helping them
6 get something stable until they can get the money or a job to where they can sustain
7 themselves. Having this can help the community, and those in need; and

8

9 WHEREAS, doing this community service would cost a lost of money. There would also be
10 a lot of requirement and process that would happen if this were to go through. But with the
11 support that the state and community can give, it will help out a lot. Providing the supplies
12 and the help to build these safe homes for the ones who need it. Providing a safe home for
13 those who need it would be a good cause, that will make the community a better place;

14

15 NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE AMERICAN
16 LEGION AUXILIARY NEW MEXICO GIRLS STATE that that the New Mexico state votes in
17 favor or making this a law or a movement. Because there is a need for a safe home,
18 lowering the amount of people who are left homeless, for any possible reasons, or any
19 casualties that can occur in the economy leaving many out of their homes. This can help
20 them and their families, and give them the place to stay while they figure out how to get
21 better. Making it possible for there to be a building, built just for the ones who need it. The
22 building being some what like an apartment having all what a person would need. It would
23 cost a lot of money for this to happen but with the help of the state it will help provide this
24 community service for people.
