Title of Bill: Protect Reservoirs of State Parks

1 Relating to state and local profit and wildlife of the New Mexico State parks and  
2 reservoirs of lakes and ponds should not be over drained to be transported to other cities.  
3 Whereas the lakes and ponds of state parks support wildlife, communities, of the  
4 surrounding areas, and profits the state. Whereas this bill would help several  
5 communities among the state by keeping jobs for citizens keeping unemployment down  
because of the tourist attractions, small towns around lake and pond reservoirs depends  
on tourist attraction to stay alive because of the people who visit these areas.
