MEXICO GIRLS STATE:

12

Littering is a big issue around the world, National Parks are no exception. National Parks

13

are part of history, not just ours, but all around the world there are National Parks to show

14

where we came from, how we adapted, what we did or have been through, all leading up to

15

today. National Parks are here to help us learn, and are also a fantastic place

1 to hike, or bike ride, but that experience can be ruined by a major thing, trash. Litter is not
2 okay under any circumstance, for it is dangerous for the environment as well as the
3 creatures in or around it. Animals can get caught in it, think that it is food and possibly
4 choke, or get sick by someone being contained in the litter. Not only is it dangerous, but it is
5 also very disrespectful, especially in a place that is part of history. Throwing trash on a
6 place that is part of history, something that brought us here, is just wrong. So I feel that we
7 need to put more strict laws on littering on National Parks. For example, rather than a fee, if
8 caught have them pick it up as well as all the other trash in the park. Rangers work so hard
9 to keep our parks clean, and people who litter need to learn that it is important to not
10 disrespect land that is part of history.

12 All laws, acts, provisions, or parts of laws contained in the Constitution of the State of New
13 Mexico in conflict with any provision of this act are hereby repealed.
