AN ACT

8

Teachers should be getting paid more than \$35,000 to 50,000 a year in the state of

9

New Mexico.

pass on or not. If passed my bill will be put in play 30 days prior to the day it was passed.

1 As many know, new mexico lacks the knowledge in many different areas in the position of a
2 teacher, whether it is the lack of an english, history, or even an art teacher, for whatever
3 reason it might be why we dont have enough teachers in the state of New Mexico I believe
4 it should be changed.

5 In my perspective I see that the problem is that teachers just arent getting paid enough.
6 There are so many well educated people out there but dont want to stick with becoming a
7 teacher because the pay isnt worth peoples time. With that said, teachers should get paid
8 more because they are the people that put that foot forward and build kids up to do their
9 best and become well educated young adults.

10 I do agree that not all teachers should get a raise, but they should if they are a math,
11 english, or science teacher simply because these are the teachers teaching kids in areas
12 that kids are tested on every year.

13 Teachers deserve every right to get higher wages, no matter what.

15 All laws, acts, provisions, or parts of laws contained in the Constitution of the State of New
16 Mexico in conflict with any provision of this act are hereby repealed.
