A MEMORIAL

6

7

WHEREAS, Public school teachers choose to serve in their community. They

8

devote their time and education to educating the future leaders of this state. They give all

9

the knowledge that they have to the young citizens of the state, and invite those of different

10

professions to expand on the subject. They push us because they see our full potential.

11

Teachers are an example of education, service, hard work, sacrifice, and kindness.

12

Teachers are selfless and help all.

13

WHEREAS, These teachers deserve some recognition. Recognition from the state

14

leaders who they taught and inspired. If a teacher has taught in the state of New Mexico for

1 at least 15 years they should be recognized in an important place in their city. They choose
2 to help the cities in this state thrive. Even when times in their personal lives or times in the
3 state were not ideal, they still go to work and teach people about what they can do in their
4 future. They are an image of hope and an inspiration to more than the students they teach.

5 WHEREAS, We need memorials to teachers in our communities to show its
6 members that everyone is a student and a teacher. To show that when we care for each
7 other and unite we can accomplish great things. If we all put one hundred percent in we
8 can achieve more. Our state can grow and continue to progress if we are able to be
9 reminded of those who taught us to never give up and keep search for answers to our
10 questions.

11 NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE
12 AMERICAN LEGION AUXILIARY NEW MEXICO GIRLS STATE that
